#### Independent Auditor's Report

To the Board of Directors of Adventures in Missions, Inc. Gainesville, GA

We have audited the accompanying statement of financial position of Adventures in Missions, Inc. (a nonprofit organization) as of September 30, 2010, and the related statements of activities, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Adventures in Missions, Inc. as of September 30, 2010, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to the Financial Statements For the year ended September 30, 2010

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Adventures in Missions, Inc. (AIM) was organized in 1989. AIM is a nonprofit organization and is dedicated to spreading the Gospel through missionaries and mission trip participants in the United States of America and globally. The organization is headquartered in Gainesville, GA in the United States of America.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Contributions

The organization has adopted Statement of Financial Accounting Standards (SFAS) No. 116. "Accounting for Contributions Made." Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

Financial Statement Presentation

The organization has adopted SFAS No. 117, "Financial Statements of Not-for-Profit Organizations." Under SFAS No. 117, the organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As permitted by the statement, the organization does not use fund accounting.

Property and Equipment

Equipment purchased is carried at cost. Equipment donated is carried at estimated fair value at time of donation. Depreciation expense is computed using the straight-line method over the estimated useful life of the asset. The principal life used for the depreciation of equipment and furniture is five or seven years, and 39 years for buildings and improvements. Net property and equipment for the fiscal year ending September 30, 2010 equals \$1,894,530.

Income Taxes

The organization is exempt from federal and state income taxes under section 501 (c) 3 of the Internal Revenue Code.

Cash and Cash Equivalents

Cash and cash equivalents consist of checking accounts, money market accounts and cash on hand. The organization considers all highly liquid investments with initial maturity of 3 months or less to be available for current use.

Foreign Currency Translation

The organization has implemented FASB No. 52, "Foreign Currency Translation" for its bank accounts outside the United States. Assets and liabilities denominated in foreign functional currencies are translated at the weighted average exchange rate for the period.

Project Revenue

Revenue from mission projects is recognized at the completion of the mission project. The organization requires participants to make nonrefundable advance deposits to reserve space on a

mission team.

#### Investments

Investments in marketable equity securities with readily determinable fair values are stated at fair market value.

#### **Advertising and Promotion Costs**

AIM follows the policy of charging costs of advertising and promotion to expense as incurred. AIM does not conduct any direct-response advertising. Advertising and promotion expense was \$136,872.

#### NOTE 2: CONCENTRATION OF CREDIT RISK

The balance of cash and cash equivalents as of September 30, 2010 was \$520,374. Of the total cash and cash equivalents in the bank, \$250,000 is covered by Federal Depository Insurance at each bank. No credit risk exists as of September 30, 2010.

#### **NOTE 3: ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### NOTE 4: FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing the various programs and activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

#### NOTE 5: EMPLOYEE BENEFIT PLAN

AIM adopts a salary deferral plan covering substantially all employees. The terms of the plan provide that eligible employees may elect to defer their salary up to the maximum amount allowed for plans organized under Internal Revenue Code 403(b).

#### NOTE 6: DEFERRED REVENUE

Participants are required to pay for certain short-term mission trips in advance. Therefore, the organization invoices the participants several months in advance of the actual mission trip. The total amount of the invoice is recorded as deferred revenue. Revenue is not recognized until after the trip is completed or launched.

#### NOTE 7: RENT EXPENSE

The organization has ongoing non-cancelable operating leases, primarily for various forms of housing for mission projects and equipment, which expire at various dates. These leases generally contain renewal options for the period ranging from three to twelve months and require the organization to pay all costs such as taxes, maintenance, and insurance. The future minimum lease payments under operating leases that have remaining terms in excess
